As with virtually all products, the quality of herbal supplements differs greatly from one supplier to the next. When youre ready to purchase supplements, look for those that are all natural and 100 percent vegan-friendly. The herbs used should be wild crafted, and the supplier you choose should be conscious of every step of the production and distribution process. For example, make sure that the supplements you buy are never heated or denatured, and that they use a shipping carrier that does not irradiate or x-ray parcels. Doing so could denature the product, which is something you want to avoid. It turned out to be a powerful combination women and Chicken Soup. We saw what an impact the stories had, how deeply they moved women and how much they helped them with the changes they were trying

## to make.

So the following January, when Marci approached me with the idea of co-editing a volume for women, I didnt hesitate. We faxed Jack a proposal. He said it sounded like a good idea-and then we all got busy and let it drop. There are several weather related conditions that increase the risk of asthma attacks. Hospital admissions for breathing problems often increase as pollen counts rise and there have been many well-documented asthma epidemics following thunderstorms. In these cases many of those admitted were hay fever sufferers with no previous history of breathing difficulties. If the problem is on the physical side, then men should look around and try to identify the source. It may be that the cause is medication or a condition, in which case a trip to a doctor for advice on how to handle the situation is in order.
